

Friends of the Carson City Library  
Browsers Corner Book Store Report  
June 2018

I'm happy to report our parking lot sale was a success. Books were sold for 10 and 25 cents and the income from the sale was \$193.60 plus \$50.00 in donations. The Christmas trees used in the past for the New Year's Eve gala were one of the first things to go. St. Theresa's school was thrilled to get them for their next winter celebration. Thanks to all the volunteers and ladies from Talking Books who stepped up to get things set up and taken down for the sale. This was a huge undertaking and your help is appreciated.

Our next "feature" of the month starting in July will be games and puzzles. Check out the book case as you come in the front door to see the great selection we will have. Towards the end of July or first part of August we will have a large amount of educational materials for teachers and home schoolers. This will be a good time to stock up on these items.

The store continues to be very busy, not only with sales, but donations. A reminder to all that you can leave a message at the store for Vicki Omnes, our Chairperson for the Holiday Bazaar if you are interested in donating items. Your support will be appreciated. The Bazaar will be a fund raiser for the year and we hope to make it a big one.
